Deliberative Process/Ex. 5

Richard would you concur with this.

Thanks
Steve

David,

I asked Bethany to stand down at this point. I don't want to get ahead of your OSCs. If there is a specific ask of us we are happy to do whatever you need, but again we don't want to just start doing our own thing (we saw the outcome of that yesterday). Bethany and her team are standing by to assist in whatever way they can pending your or your OSCs direction.

Thanks.

Rick

So maybe I misinterpreted your email to Marilyn. I am ok if they submit the package for the award as long as they don't proceed with notification to the sub until we have verification.

Sorry for the back and forth.

Joan,

I stopped by your office but you were out. I just wanted to close the loop with you on this issue. Bethany contacted Richard Braun at home and got spun up on the issue. She then contacted the contractor to figure out where we are at (this is actually a subcontract under one of our existing prime contractors). Her synopsis is as follows:

Deliberative Process/Ex. 5

Deliberative Process/Ex. 5

Deliberative Process/Ex. 5

Let me know if you have any questions or need clarification.

I believe taking some time to work through this today and being ready to go Monday makes sense - as long as the actual work is not hindered.

I think it's worth including this information in the release.
